Pickens County Sheriff's Office Take Three Men into Custody during Burglary of Business in Liberty

On Sunday, May 21, 2017, at approximately 4:30pm, deputies responded to *Southern Vinyl Siding* on Ruhamah Rd in Liberty following reports of a suspicious vehicle parked behind the manufacturing plant.

Deputies arrived on the scene and located a red colored Dodge Dakota truck parked behind the facility and could hear movement inside the business which was closed. The deputies entered the building and located three adult males inside the building with evidence that the men were actively collecting and stripping copper wire with the intent to steal the material.

The business owner confirmed that the three men were not employees and did not have permission to be inside the facility.

All three individuals were arrested without incident and placed into the Pickens County Detention Center where they were arraigned late Monday afternoon on the following offenses:
